Committed to the provision of quality care

Ivers Care and Nursing Agency provides 24 hour nursing and care staff to the healthcare industry. Founded by registered nurses who themselves have worked in various specialist care settings including Learning Disability services, psychiatric secure hospitals and community settings and are highly experienced in providing high quality person centred care.

This experience has developed extensive knowledge and expertise in meeting the challenges required in identifying and supplying the right staff to meet client needs ensuring you meet all statutory requirements for health care settings .

Ivers Care are able to combine the strength of a national organisation with the local availability of fully trained Care Workers, Registered Nurses, Healthcare Assistants and Support Workers to CCG's, Independent Hospitals, Local Authorities, specialist industry service providers and private individuals.

Our aim is to tailor our services around our clients need to improve outcomes and clinical cost effectiveness.
